About Cornwall: Located on a peninsula in the far south west of Great Britain, Cornwall is almost surrounded by the sea and can boast a magnificent 300 miles long coastline. There are lots of things Cornwall is well loved for: the dramatic coastline with its rugged cliffs and captivating fishing harbours; the spectacular beaches; and then of course who can forget famous Cornish pasties and luscious cream teas?

Accommodation and walks: The National Trust's Penrose Bunkhouse at Chyvarloe (near Lizard Point) is a stone's throw from both the beach and the South West Coast Path, featuring stunning cliffs and sea views. This is an amazingly well equipped bunkhouse in a amazing location, not to be missed.
